TITAN Technology Partners to Provide Quest's Pre-conference Training and Present on Five Topics at COLLABORATE 08

CHARLOTTE, NC - (March 31, 2008) – TITAN Technology Partners, a global provider of hosted and managed industry solutions, today announced TITAN has been selected to provide pre-conference training for Quest International Users Group, and will also be presenting on five topics at COLLABORATE 08, being held in Denver April 13-17, 2008. The pre-conference training, taking place on April 12 and 13, and education sessions are the result of a combination of TITAN's thought leadership and successful efforts serving our global clients.

COLLABORATE 08, presented jointly by the Independent Oracle Users Group, the Oracle Applications Users Group and Quest, is designed to help users of the full family of Oracle business applications and database technologies gain greater value from their Oracle investments. Quest's special events and educational content are focused on PeopleSoft, JD Edwards and other Oracle applications, such as Hyperion, Agile, and Oracle Utilities.

Quest's pre-conference training will be conducted on April 12-13 and includes more than a dozen sessions for JD Edwards and Hyperion users. Topics being presented by TITAN include: Project Success with X-treme Training, How to Leverage UPKs, Sourcing your Procurement Strategy, Designing Reports and Dashboards with Hyperion and Facilitation and Presentation Skills.

"We are pleased to continue our relationship with Quest in support of their pre-conference training at COLLABORATE 08," said Elizabeth Schriefer, TITAN's President of Training Services, "Our training provides a unique blend of adult learning theory and ERP expertise. We're also pleased to be selected to speak on the five topics as it highlights our breadth of knowledge from strategy, consulting, training and outsourcing."

About TITAN Technology Partners

TITAN Technology Partners is a global provider of hosted and managed industry solutions. For a complete listing of the Quest Pre-Conference training and the education sessions being presented by TITAN go to <http://www.ttpartners.com/collaborate08/>

About Quest International Users Group

Quest is a global, not-for-profit association that supports Oracle applications users, including PeopleSoft, JD Edwards, Hyperion, Oracle Utilities, Hyperion and more, from the underlying ERP solutions to the numerous complementary products and services.

As a worldwide community more than 50,000 strong, Quest and its affiliated user groups are a catalyst to maximize members' business investments through the power of our community, tools, and experiences. Quest provides a unified voice into Oracle for our entire family of users; timely, unbiased information; and networking events to benefit members' total information technology and best business practice experience.
