## **TITAN Technology Partners Earns Certifications from SAP – Now an SAP-Certified Provider of Application Management Services and a Certified SAP® Hosting Partner**

CHARLOTTE, NC (July 15, 2008) - TITAN Technology Partners, a global provider of hosted and managed industry solutions, today announced it has achieved two certifications from SAP AG and is now an SAP-certified provider of application management services in the United States and a certified SAP® hosting partner. The SAP certifications come after TITAN Technology Partners successfully passed rigorous technical audits as part of the certification process by SAP. TITAN Technology Partners joins a select group of less than 10 providers to achieve both levels of SAP certifications.

**SAP® Certified**  
in Application Management Services

“Achieving status as an SAP-certified provider of application management services and a certified SAP hosting partner is a vital step in our commitment to become the provider of choice of outsourced industry solutions globally,” stated Rex Farris, Vice President SAP Technical Services for TITAN Technology Partners. “We provide our clients running SAP solutions with peace of mind while we run their systems. Our client’s continued success has allowed us to expand our global reach and capability to deploy and support clients running SAP solutions around the world.”

SAP-certified providers of application management services have received certification from SAP of their ability to deliver application management services with high-quality service operations based on SAP technology. Certified SAP hosting partners have received certification from SAP of their ability to deliver high-quality hosting services.

“TITAN’s status as a certified SAP hosting partner and SAP-certified provider of application management services in the U.S. is a significant extension of our successful relationship,” said Michael Ressesmann, global head of BPO Solution Delivery and Partner Enablement at SAP. “Through this partnership, SAP customers will benefit from comprehensive hosted SAP application offerings from TITAN, allowing them to focus their resources on meeting core business challenges.”

TITAN continues to increase its global capabilities for clients running SAP solutions and has deployed SAP solutions across three continents in the past six months. TITAN has also expanded to three the number of Centers of Excellence supporting its client base globally and has doubled the number of employees focused on supporting SAP solutions in the past 12 months.
